

Xperience **MagVenture**

An invitation
XPERIENCE MAGVENTURE

An insight behind the scenes at Magventure

Join us for an exclusive behind-the-scenes event at our facilities in Denmark, where we will provide interactive sessions, share the story of MagVenture's history and demonstrate how our products are brought to life.

As part of the experience, you will join an exclusive tour to see the production of our stimulators and coils before they are dispatched to our many customers around the globe.

Tour Highlights

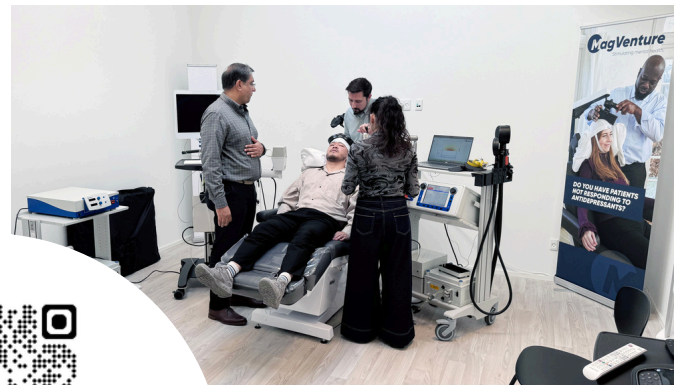

- **Two-day program** includes product training tips to optimize your TMS. Hands-on demonstrations on treatment protocols and optimization procedures.
- **Take home practical advice** to improve clinical and research outcomes.
- **Interactive sessions** to enhance your practice and deepen your understanding of TMS.
- **Opportunity for Q&A** with our experts.
- **Insight** into the evolving world of TMS.
- **Network with industry peers.**
- **Recognition of learning** with a certificate of participation.
